

The Chairman reopened the meeting.

The problem needed to be researched as it was affecting the viability of the retail businesses but it was acknowledged that the Parish needed the business community for jobs. Concerns about inconsiderate parking, overflow from the Village Hall and the Car Park spaces in the centre of the village being taken up for the day by car share users were exacerbating the problem.

Cllr Mansell suggested that a short term option may be to use the Culver Graphics site for business parking where people needed to be parked for the whole day.

Cllr Stewart suggested that we may be able to get support from WDC

9) Moor End Common Sustainable Development Fund Bid (CCB): Update

The Parish Council with the help and support of Mr Osborn had submitted a bid to CCB to create a bridleway at a cost of £4,500. The Parish Council would contribute £1000, BCC agreed to contribute £800 and CCB agreed to a grant of £1200. After discussions with BCC they have agreed to meet the shortfall. A site meeting is due to take place with BCC to discuss the Bolter End to Cadmore End footpath and the bridleway will be progressed at the same time.

10) Wycombe District Council Consultation on Site Allocations: Give consideration to and agree

Feedback: Cllr Coulter had studied the document and reported that there were three areas which affected this Parish: Specific proposals for the future development of the Elga site which coincided with those of the Parish Council; proposed change of designation on scattered employment sites – this could have an affect on the Culver Graphics site; specific proposal to designate Cadmore End Cricket Ground as Green Space thus safeguarding its future. It was resolved that Cllr Coulter would formulate a response.
